

# Christmas Catalogue 2023

Nick Grove RSMA

# Introduction

## About the artist

Nick is an award winning artist working representationally with oil paint. He paints from life inside and outside of the studio and his work is collected all over the world. Nick is represented by Thompson's Galleries.

## In his own words...

Lately, I've been catching myself telling people "*plein-air painting is where I learnt to paint*", which I think is partly true. It would be more accurate to say that the experience of painting from life taught me to paint. Whether it is in or out of the studio, it is your experience whilst painting that is key, it is as if the way you feel gets into the paint!

# London
